N O T I C E

Effective November 15, 1996, Murfreesboro Electric Department will require all buildings with more than one meter to have a metal "location tag" stamped and riveted to the front of each meter base for each unit. Minimum size for the tag will be one inch (1") x three (3") inches with a minimum thickness of .032 inches.

For your convenience, Central Meter Lab will have this type tag available at a reasonable cost; however, any tag which meets the specifications listed above will be acceptable.
